

19 June 2017

*Time:*

10 am

*Duration:*

2 hours

*Present:*

- Anna Borysova
- Shaheel Kooverjee
- Erin Versfeld

*Excused:*

None. This was a data gathering pilot therefore J and D were not expected to attend.

*Summary*

- The batch script requires fine turning to randomise the order of the gestures to be performed

*Next meeting:*

23 June 2017, 11 am

*Points of Action for next meeting:*

- None. Exams this week mean that no progress can be made prior to the next meeting. However, all work to be done will be covered then.

*Findings:*

- The batch script required fine tuning to get it to work for all three programs
- The Leap required additional set up. The final hand in should potentially include a virtual environment which can set the data gathering environment up automatically.
